Current list of Approved Third Party Field Evaluation Bodies (FEB)

*This list is a guide for FEB's approved to do evaluations of electrical equipment in the City of Fremont. Before engaging the services of one of these agencies it is the Contractor/Owner's responsibility to ensure that the FEB is accredited to test to the standard for the equipment requiring evaluation. FEB's may only evaluate the types of equipment they have been approved for by the City of Fremont. Prior to commencing an evaluation the applicant or FEB shall notify the inspector or record. ***IMPORTANT NOTE! Inclusion on this list does not guarantee that the individual FEB is qualified/Approved to investigate and evaluate ALL types of equipment. Before engaging in equipment investigations the FEB must have the appropriate PRIMARY standards to use in the investigation.****
